HAMLIN, JONES COUNTY, TEXAS. FRIDAY, JUNE 30, 1939

NUMBER 35

Hamlin Will Close Shop Tuesday, July, 4th

Just to remind you next Tuesday is July 4—a holiday, by the way.

Hamlin people get the greatest kick on such days by closing up shop and taking the day in some other town, maybe off on a fishing lake, or maybe starting on a long trip—anyway Hamlin prepares to pass the day quietly—so that means maybe all stores will close up and let the boys scatter.

Perhaps the chief attraction for this part of the country will be at the Cowboy Reunion at Stamford—all things are set for that round-up and why not—it is the largest and best advertised in Texas—and Texas is a big place.

It is not a bad idea for a town to hatch up some "unique" form of entertainment—just an excuse to boost and ballahoo and let the neighbors know we are still on the

map. Big blow-outs mean a lot of things—mainly expense and hard work on few willing fellows—it's fine for the other guys who come along and enjoy the lunches and the red lemonade.

One way to get a booming crowd from far and near is to announce the biggest free dinner in Texas—lots of real old fashioned food, like baked ham, chicken, dressing, gravy, pies, pickles and cold drinks—plus black coffee. Yep that'll fetch 'em in and prove our hospitality—but it takes a lot of work and grit—dollars are the foundation but old sweat and what it takes is what counts... so instead of a "Glorious Fourth" at Hamlin with a lot of fuss and rally, most Hamlinites will enjoy the day safely at home—perhaps doing that odd job or maybe cleaning up the back alley... lets all hope to live to see the 5th.

MANY HAMLIN PEOPLE BELONG TO COWBOY REUNION

Veteran Texas cowhands who rode range and trail 35 or more years ago will gather in Stamford for the tenth annual meeting of their association during the Texas Cowboy Reunion July 3, 4 and 5.

The following oldtime cowhands of Hamlin are members of the Association:

Mrs. J. C. Blanton, A. A. Oliver, Mrs. J. J. Herbst, E. W. Johnson, Mrs. Best Porter, J. E. Easterwood, I. L. Drake, C. S. Low, Ross Walker, Mrs. Willie Martin, M. Dawson, G. W. Colvert, Ollie Estes, Levi Bush, Pat Collins, Terry Cooper, J. A. Edwards, W. M. Estes, J. W. (Will) Fomby, J. R. Hammitt, Dave Harris, O. S. Hunter, H. T. Medford, Mrs. A. D. McLaughlin, T. D. Stell,

D. W. Stephens, T. R. Stovall, W. L. Walton, J. A. Young, W. A. Archer

All members who have paid their annual dues of \$1 have been issued badges which will admit them free at the Reunion rodeo and also to the chuck wagon dinner given in their honor at noon each day of the Cowboy Reunion.

The oldtime cowhands have as their permanent headquarters the cowboy bunkhouse at the Reunion grounds. A new building, "The Roundup," where oldtime dances will be held, is now being completed and will be the property of the association when paid for.

The formal meeting of the oldtime cowboys organization, with election of officers for the coming year, will be held at the cowboy bunkhouse.

Present officers are Lewis Ackers, Abilene, president; Walt Cousins, Dallas, chairman of board; T. G. Hendrick, Abilene, first vice president; G. F. Ratliff, Midland, second vice president; Chas. E. Coombes, Stamford, secretary-treasurer.

To Preside at Cowboy Reunion

Lewis Ackers of Abilene, wealthy West Texas ranchman, is president of the Texas Cowboy Reunion Association and will preside over the annual meeting of oldtime cowboys and cattlemen which will be held during the Cowboy Reunion at Stamford July 3, 4 and 5. Ackers has been associated with the cattle business all his life and his father was a ranchman before him. Membership in the association is limited to men who worked as cowboys on ranches 35 or more years ago. The business session at which new officers will be elected will be held at the cowboy bunkhouse July 3 at 3 P. M.

Morgan, a member of the Lions Club of the City of Hamlin, Therefore; Be it resolved by the Lions Club of Hamlin that, the Lions Club has sustained not only the loss of one of its best members but also a man, who was untiring in his efforts, alert to his duty, honest and faithful to his trust, an efficient member, an asset to the club. To the people of Hamlin and community we are deeply grateful and humbly appreciative to each and every one who offered themselves and services and did so much in behalf of our loved one, in his last days with us. Your unlimited expression of sympathy to us in our saddest hours can never be forgotten. We fail to find words enough to make our thanks and appreciation to everyone fully known.

MR. and MRS. J. P. MORGAN,
MR. and MRS. DENMAN MORGAN,
MISS NADINE MORGAN,
MR. and MRS. C. P. AMERSON.

TWO GOOD LETTERS

The Herald has recently received two nice letters from our friends Martin McCain of Corpus Christi and Ernest Lehman of Cleveland, Ohio. Both were very complimentary of our recent Anniversary Herald and express well wishes to the Editors.

Mr. McCain still regards Hamlin as "home" and in fact this is his home because his wife's parents, Mr. and Mrs. D. O. Sauls, are here and their property is in Hamlin and Hamlin farm lands.

Mr. Lehman is a brother of the late Richard Lehman and Otto, formerly of Hamlin. In his letter Mr. Lehman says he is entertaining Mr. and Mrs. H. O. Cassle who went to attend the Rotary Convention. The Cassle home was the Lehman home while the boys were here.

Mr. and Mrs. Cecil Eivens of Lubbock, spent the past week end in Hamlin and McCauley visiting relatives while on their vacation. Mr. Eivens is with a bank in Lubbock.

Milton Gollehon of Post spent Tuesday night with Connie Drake and sisters.

W. T. CHERRY AND FAMILY MOVING SLATON TO LIVE

This week Hamlin is losing one of her best families—Mr. and Mrs. W. T. Cherry and three sons, Donald, age 15, Bill, 12, and Jim, age 8.

Mr. Cherry has been agent for the Santa Fe in Hamlin since Nov. 1, 1922. He was an unmarried man when he first came but on April 16, 1923 he went over to Denton and married a young lady who has become as popular and useful a citizen in Hamlin as "Bill," and maybe has spurred Bill on to his usefulness in this city.

Mr. and Mrs. Cherry have three fine boys and all-in-all the Cherry family is an ideal bunch of folks. They are leaving a lovely home on corner of 3rd street and Hope Avenue. These folks are prominent members of the Church of Christ. Mr. Cherry served a number of years on the School Board, and he is a leading member of the Rotary Club, the Golf Club, the Chamber of Commerce and has served lately as chairman of the Boy Scout Troup Committee. Mrs. Cherry has given much time to Parent-Teacher work in Hamlin, having served as the President. She is interested in all phases of school enterprises.

Mr. Cherry was appointed as Agent for the Santa Fe at Slaton, and his place here will be filled by G. P. Odom, who has been an operator in Hamlin since 1917. He has also served as cashier and relief agent much of the time. He owns residential property in Hamlin and he fits into the Agent's job perhaps better than anyone else.

Mr. Cherry will soon have one son through High School and at Slaton, he will have easy access to Texas Tech, 12 miles away. They still

BENHAM DAIRY BUILDING NEW BARN

Several years ago Clyde Benham moved over from Anson to Hamlin after buying the Gassaway Dairy. Every day since that time Clyde has had a bigger and better dairy in mind. He has made forward steps several times, but this summer he is taking a long stride to have a modernized place to handle his products.

Within a few weeks he will have finished a new milk barn. This is 60 feet long and 24 feet wide. It is constructed on approved plans for handling milk from the cow to the wagon.

This building has a concrete floor, made to be easy cleaned. Fourteen cows at a time can be fed and milked. One end of the barn has the bottling machinery, and the cooling system, all separate from the animal apartment.

Mr. Benham will likely arrange for his cows to be "de-flied" as they enter the barn, and the danger of flies will be lessened about 90 per cent. This is possible at a small cost, and by means of close screening. It ought to be so that not a single fly could enter with the cow, and none be permitted to come near the products in process of getting it ready for the bottles. This new equipment will make such a system possible.

Mr. Benham is thinking of installing a Pasteurizing machine for his milk. This has been an object to work to all these years, according to Mr. Benham. In the general

own their home in Hamlin, and it will be occupied by Mr. and Mrs. Landon Davis, recently moved here from Sulphur Springs, Texas.

Mr. and Mrs. Cherry, the Herald is safe in saying we all regret to see you move from Hamlin.

R. A. CROCKETT BACK

HOME FROM ARK. HOSPITAL

The Barrow Ambulance driven by Bob Barrow and Clinton Barrow, made a 1,200 mile trip to Eureka, Springs, Ark. to return R. A. Crockett whose home is west of Hamlin.

Mr. Crockett stood the trip fine. Mr. Barrow left Hamlin about 5 A. M. Saturday morning and arrived in Hamlin about 7 P. M. Sunday.

Mr. Crockett had been in the hospital about three weeks and it would appear he is feeling better after returning to Hamlin. He is at the home of Mr. and Mrs. Curtis Martin on Jackson Ave.

Mr. and Mrs. Frank Waggoner and son, Jerry, returned Saturday from an extended trip to Cleveland, Ohio, Detroit, Michigan and over into Canada and down through the states into Georgia and to Texas. They were gone 14 days, traveled 4,116 miles and never had a flat, averaging 30.58 miles to each gallon of gasoline.

Mrs. Charlie Sellars returned Wednesday from Dallas where she had been with her daughter, Margaret Ruth, age 12, who underwent a skin-graft operation on her leg Saturday. She is reported to be resting well since Sunday. When Margaret Ruth was only four years old her leg was crushed between a car and a pick-up and since then she has undergone four major operations.

plan of improving at the dairy, the outside as well as the inside, arrangements will be fixed to make cleanliness easy to maintain. The Benham Dairy has served Hamlin people in a creditable manner through all kinds of conditions of weather and each year has proven more dependable. Luck to you, Clyde.

THE COWBOY REUNION:

Stamford is all set for the big Roundup of Cowboys. The fun starts Monday—closes Wednesday night. The Publicity Director, Cleburne Huston, has done a good job again and the Cowboy Reunion may expect an attendance equal to any previous year. Many desirable improvements have been made for the occasion.

The Herald appreciates a courtesy ticket, and will attend part of the time. This Reunion has become a feature to cover a larger community than Stamford and even Jones County. All of us are interested in its success.

TEXAS HIGHWAYS

AUSTIN, Texas, June 23.—Julian Montgomery, State Highway Engineer, today announced that the State Highway Commission had approved the colors to be used in the 1940 motor vehicle license plates as follows:

Passenger: Purple on white.

Commercial: Orange on black.

Farm truck: Black on yellow.

Tractor, trailer, dealer, motor bus, motorcycle, sidecar: Gold on blue.

The 1940 plates will be manufactured by the Texas Prison System, and will be placed on sale by County Tax Collectors on March 1, 1940.

The county officials of Hutchinson and Gray counties, together with the Chambers of Commerce of Pampa and Borger, celebrated June 23, the opening of State Highway 152 from Pampa to Borger. With the completion of 20 miles of flexible base and double asphalt surfacing constructed by the Austin Road Company with Mr. O. O. McCormick as superintendent, this road was opened to traffic thereby completing another short cut to the east and southeast.

Following a luncheon at Borger to which all county judges, county commissioners, chamber of commerce officials, newspaper editors of the Panhandle, and state highway officials, were invited, the highway was officially opened, and in the evening a banquet was held in Pampa.

The work was done under the jurisdiction of Mr. Jim Douglas, district engineer, at Amarillo, and Mr. J. C. Dingwall, resident engineer for the project.

88 LIVES SAVED

Eighty-eight lives were saved in Texas during the first five months of this year, Brady Gentry, chairman of the State Highway Commission, said, in announcing that motor vehicle fatalities for the period of January 1 to May 31, 1939 as compared to the same period in 1938 showed a reduction of 13.44 per cent.

The toll of lives taken by traffic accidents the first five months of this year was 567, whereas for the first five months of last year the number was 655.

Cities of over 2,500 population had 21 less traffic deaths, a reduction of 12.28 per cent, Mr. Gentry stated, and towns of under 2,500 population had a reduction of 12.50 per cent, a saving of 5 lives.

Deaths on the highway system were reduced by 72, or 18.80 per cent. On county roads there was a fatality increase of 10, or 16.39 per cent.

Of the total traffic fatalities during the first five months of this year, 54.8 per cent occurred on state highways, while 58.41 per cent of the total for the same period of 1938 were on the highways, the Highway Engineer said. For the entire year of 1938, highway deaths accounted for 61.5 per cent of the total traffic toll.

"This five months reduction and the progressive traffic campaign being conducted in the state stimulate us to redouble our efforts to drive and walk safely," Mr. Gentry said. "We can make Texas one of the safest states in the nation."

Mr. and Mrs. Elmer Palmer and son, James Wesley, of Clarendon, spent the past week end with his brother, J. A. Morris and family.

I Give You TEXAS

(By BOYCE HOUSE)

Sign in a tavern near Waco: "Our silverware is not like medicine, to be taken after meals."

Another sign: "Mary had a little lamb. What will you have?"

'Man of the hour': County Attorney Paul Holt of Austin who summoned alleged lobbyists to appear before a court to inquiry after the Governor had made statements in a Sunday morning broadcast that implied the law had been broken. Holt also started the court proceedings against loan sharks but was halted by a ruling of the State Supreme Court. The judge, by the way, who was barred by the state's highest court from issuing an injunction requiring loan sharks to obey the Constitution was District Judge Ralph Yarborough.

Now that the longest legislative session in the history of Texas has ended, here are a few lines written by Mrs. Fred Felty, wife of the San Antonio representative:

"The life of a legislator

Is never quite his own;

It belongs to every voter

In the town he knows as home.

"He sweats and worries and gets in debt,

To achieve this so-called fame,

And the only thing he's sure to get

Is criticism worry and blame."

Thought for the day (which the Burleson News recently printed):

"Little words are impressive; little charities the most helpful, and little lakes are the stillest; little songs the dearest loved. And when nature would make anything especially rare and beautiful, she makes it little—little pearls, little diamonds, little dew-drops. Life is made up of littles; death is what remains of them all. Day is made up of little seconds, little minutes, little beams of light, and night is glorious with little stars."

More entries in the "oldest joke" contest:

A ragged stranger was found dead in Los Angeles. A little crowd attended the service and when the undertaker asked if anyone would like to make a few remarks, there was silence. Finally, one man spoke up: "If nobody wants to say anything about the deceased, I'd like to say a few words about the wonderful climate of California."

Of course, you recall the mule that was in the popcorn field in July. When the heat caused the corn to pop, he thought he was in a snowstorm and froze to death.

And there was the Arkansas farmer who was having his teeth worked on. The dentist puffed a little air from a rubber bulb into a cavity and asked, "Feel that air?" The patient inquired, "That air what?"

SUNDAY SCHOOL MEETING

The Fisher County Baptist Sunday School Association meeting at Roby, July 2, 2:30 P. M.

1. Congregational singing.
2. Devotional—Rev. W. C. Taggart.
3. Special music—Ernest Smith.
4. Departmental conferences.
5. Round table discussion of the future of our Associational Sunday School work—led by O. D. Henley.
6. Business. Adjourn.

Deputy U. S. Marshal F. C. Whatley and wife, of Houston, and Mrs. F. A. Peel, of Cross Plains, were here last week to visit their sister, Mrs. O. G. Ebert and Mr. Ebert.

Some folks dislike advertising—think it is economy to save on that bill. Bud, you are wrong. . . . Judicious advertising always converts stagnant business into live profits, provided a live pleasant, business personality acts as salesman.

BEWARE SPOILED CUSTARDS, SAYS COLLEGE STATION

Some people depend on their nose to tell them when food is spoiled, but sometimes a custard has no detectable odor and yet will make one ill, says Miss Nora Ellen Elliott, food specialist of the Texas A. & M. College Extension Service. This is because it has been improperly stored and has developed certain bacterial organisms. And don't make the mistake of looking for this danger only in hot weather, Miss Elliott further warns, for it can happen any time of the year.

When a custard is made, it should be kept cold until used, and used as soon as possible. The Food and Drug Administration of the United States Department of Agriculture is often called on to ascertain the cause of food-poisoning outbreaks. Too many times it has been traced to some food such as custard, custard pastries, a gravy or sauce, or some leftover meat or fish that has not been properly kept before eating.

In case it is necessary to serve custard pies later than the day they are baked, Miss Elliott suggests that the custard part and the pastry be combined just before serving.

One of the most noticeable improvements provided by the Texas Highway Department is standard type rural mail box supports, replacing the thousand and one old, ragged looking supports; and the graveling of shoulders at mailbox locations. The cost of this work has been more than offset by reduction in maintenance work since the supports are now easily movable and shoulder maintenance at these points has been reduced to a minimum.

CELEBRATED THIRD BIRTHDAY

Little Miss Nancy Ruth Lawlis celebrated her third birthday with a party at her home Friday, June 23, 1939.

Mrs. Delma Shelburne had charge of games. After the play hour pink ice cream and cake were served to James Eddie Jay, Robert Bonner, Barbara Ann and James Riley Tipton, Sue McCrary, Nionalene Brunson, Glenda Ruth Gilbreath, Faith Simpson, Peggy Nell Armstrong, Monnie Ann Ensey, and little Mary Lee Roland of Port Arthur, and the little hostess.

Mrs. Mac Brundage returned Monday from a three weeks visit with her sister, Mrs. L. L. Hobbs, in Chicago. Miss Maxine remained with Mrs. Hobbs for a longer visit.

Mr. and Mrs. M. P. May arrived Monday afternoon from a great trip to Washington and New York. They returned by their old home in Alabama and enjoyed a reunion of relatives. They have seen so much and learned so much that it would take them a year to tell it. It would appear Washington, where their son Parker, lives was the most attractive—especially to see the King and Queen.

Sonny (James) Steed returned Tuesday from a week's visit with relatives in Dallas and Bowie, Texas. While in Dallas, James, a 1939 high school graduate, passed all examinations for joining the U. S. Navy. His big problem right now is getting his parents to sign his papers.

If you do not take the Herald—subscribe and enjoy it every week.

Mr. and Mrs. Ray Layton and son, Billy of Teague, Texas, have been guests in the home of Mr. and Mrs. Clyde Wilson and Mr. and Mrs. O. K. Wilson.

Mr. and Mrs. Arnold Johnson and little son, Don, of Coahoma, were over this week visiting relatives.

Johnnie, Lawrence and Bill Bates, all of California, came in last Friday to visit their relatives and friends of Hamlin and Abilene. John Bates resides in Los Angeles, Bill in Long Beach and Lawrence lives in Stockton. The Herald is going to these boys from here out. They still love Hamlin.

Prompt Help For A Listless Child

Scolding won't help a boy or girl who is listless, dull or cross from constipation. But, here's something that will!

If sluggish bowels have your child headachy, bilious, upset, give him a little Syrup of Black-Draught tonight. Like the original famed BLACK-DRAUGHT, its principal ingredient is an intestinal tonic-laxative. Helps impart tone to the bowel muscles.

Children like the taste of Syrup of Black-Draught. It is an all vegetable product. When simple directions are followed, its action is gentle, but prompt and complete. Comes in two sizes: 50c and 25c.

Mr. and Mrs. W. G. Fielder and daughter, Helen, of Alpine, spent the week end with Mrs. Fielder's mother, Mrs. L. B. Bruner. Mr. and Mrs. Fielder returned to their home in Alpine and Miss Helen remained for a longer visit.

BOARD OF TRADE COMMITTEE ACTIVE

This committee is to be commended for the very efficient work they are doing. During the past four months several out of town solicitors have appeared at the office for a letter of recommendation to all the members. These are at once turned over to this committee for approval. Those that are worthy

and for the best interest of the town and community, are given hearty approval. Those that are not have been given a disapproval.

METHODIST CHURCH

Sunday school at 9:45. We had a good attendance last Sunday. Come we can make it much better yet. Remember, you have a place here. If you do not fill that place it goes vacant. Let each of us give our whole hearted loyalty to the church and its program.

Beginning next Sunday we begin our morning preaching service at 10:50 instead of at 11:00. The pastor will preach at this time using as a subject, Our New Independence. The league meets at 7:15. Preaching at 8:15. Mrs. Dale Morrison, of McMurry College, will talk at this hour. Mrs. Morrison has traveled extensively and is familiar with

world conditions, and is an interesting speaker. The young people will have charge of the music. Our young people's choir is doing splendidly. It is indeed an inspiration to see them take their place in the choir and sing the songs of Zion.

Remember we are counting upon you in our revival meeting which begins the last Sunday in August. God is depending upon you. May none of us fail Him.

H. W. HANKS, Pastor.

When You Observe the Fourth of July, You Are

Celebrating Freedom to Serve

FREEDOM, regulated by justice, dates back to July 4, 1776—the Birthday of America. This nation was founded on, and consecrated to, the idea of liberty, freedom, independence. This applies, not only to the nation as a nation, but to the individual in his daily life.

The Electric Industry, asking only freedom to serve efficiently and economically, contributes much to that priceless gift: more liberty and ever-greater freedom. Through Electric Service, men and women have been emancipated from thousands of tedious, nerve-racking, exhausting tasks both in the home and in other industries.

West Texas is traditionally the Land of Opportunity and the Home of the Free. Its history is linked with the fact that Your Electric Servant was free to keep pace with the region it serves... expanding its facilities to meet the needs of every community and anticipating your future demands for Service. As a result, you now are free to enjoy freedom from drudgery.

Singing, composing and playing her way to collegiate fame, Miss Lois Pinson of Forney was selected the most outstanding student in the largest graduating class in the history of Texas State College for Women. Miss Pinson, in addition to being the school's leading pianist and interpreter of the classic masterpieces, has composed numerous popular songs, the most successful one being "Campus Shadows," a refrain which has been featured at all the college dances and has already found a wide sale.

YARDS AND LAWNS
LOOKING GREEN
AFTER GOOD RAINS

One of the vivid examples of drouth in this section was the appearance of the Hamlin yards and lawns. Till the recent rains most all Hamlin yards and shrubbery were looking "mighty punk." Not so now.

Try your inspection ability a little, peep about over town and figure out who is keeping his place the neatest and getting his flowers and grass to grow the best.

If there is anything the Herald "Inspector" enjoys most it is a well kept yard, neatness about the streets and down the back alley. No weather conditions in this country should cause an unsightly yard very long at a time. We asked a fellow citizen the other afternoon (we'll just tell you his name . . . P. F. Fannin) who resides on Farwell Avenue over in South Hamlin, how is it that he has such a pretty yard and velvety lawn while in the same locality other yards are not quite so lovely. He quickly replied . . . "All I can say is that any yard takes a lot of work and water too when it is dry." Guess he is about right. Nobody may expect a nice looking yard without work and water, or both.

By-the-way, when did you travel on South Farwell Avenue? It is the most private street in Hamlin, especially to be so well built up. That particular section of street is capable of great improvement. Already it has some nice looking lawns and well kept yards. But as is always the case, there is room for improvements. Can't quite tell who is to blame for the way the yards over that way look, guess the best thing to say would indicate that maybe it is the women folk who do the work. Fannin is not at home enough to even know who are his neighbors, but that he DOES put in a little time on his yard when in from his run. Some of Hamlin's best folks live on that street and in that part of town, and the Herald is appointing a committee for civic development on Farwell Avenue, especially. But in singling out Farwell, we might as well include Grand Avenue which is just east of Farwell and Central which is the Highway street, west of Farwell.

We suggest that J. B. Bowman who resides on Grand Avenue represent his street (maybe Mrs. Bowman would be best) and over on Central Avenue, Mrs. G. P. Odom and Mrs. McCurdy could take the lead. Now Farwell: On the west side, Mrs. P. F. Fannin, Mrs. Mike Ryan, Mrs. C. M. Arnold and Mrs. Jim Evatt could challenge the east side led by Mrs. Tom Taylor, Mrs. W. Burgess, Mrs. A. H. Abernathy and Mrs. W. H. Murphree. Now when the east side of Farwell rolls up their steet and makes it prettier than the west side, that whole section of town will be Hamlin's prettiest. We note in some places the street fronts are grassed up to the drive and that means a nice looking street if all would do it. Both sides of every street can meet in the center (almost) with grass. It grows over in South Hamlin, better than anywhere.

Native mesquite, when well trimmed, and all kinds of cedar plants and lots of flowers can easily grow over in South Hamlin. South Hamlin too is growing more prominent as the good roads are built. There are many opportunities on all the streets in that section to be show places. Let a good sized committee who is bent on development of their section of town get busy and they will get better streets, culverts, water connections, extensions, and everything. That part of town is due to grow.

When Cowboys Get Together at Annual Reunion

It would be hard to find as many cowboys at any other spot in the world as gathered at the annual Texas Cowboy Reunion, which meets this year at Stamford on July 3, 4 and 5. Cowboys are shown here in the grand entry which precedes each rodeo performance. Rodeo contestants in calf-roping and bronc-riding are shown in the two insets.

I Give You
MEXICO

(By Boyce House)

Those who have smiled skeptically (I was one) when the delights and wonders of Old Mexico were depicted with glowing eloquence by travelers need only to make the journey themselves into the neighboring country to find that the travelers were wrong—they didn't make the descriptions beautiful enough!

It is a story-book land, a place of such sudden and surprising contrasts, of such varying sights and sounds that it leaves the brain bewildered. Imagine compressing all these events into a single day:

Arriving in the City of Mexico a few Sunday mornings ago, we (the members of the Texas Lions' good will pilgrimage) were met at the station by Mexico City Lions. A string band played soft, Mexican melodies, fragrant flowers were presented to the ladies and then we were whisked by car to La Reforma, newest and most modern hotel in the Republic.

Then began a tour of the city. Uniformed soldiers wearing trench helmets were on guard with bayoneted rifles as we entered the National Palace where we saw long reception halls, lined with paintings of statesmen and generals; the dining room, with its crystal chandeliers and ponderous silver, where Emperor Maximilian and Empress Carlota once entertained, and then the Cabinet Room, heavy tapestries at the windows, gilt furniture, thick carpets, and, at each cabinet member's chair beside the long table, a gold-lettered leather portfolio. Officers pointed out a bullet hole in the back of one chair and then of another; the occupants had been shot to death.

From the beautiful ballroom, the visitors stepped on to the balcony and looked out on the Zocalo (or plaza), the center of the life of Mexico, the view dominated by the twin towers of the cathedral, standing on the site of the chief Aztec temple.

On the walls of the National Palace are the Diego Rivera murals. Here is Mexico's history, told not in words but in painting and so it is a story that anyone with eyes can read. The colors are bright because it is a colorful tale, beginning with plumed dancers and feathered serpents, then the Spanish conquest, Maximilian, Juarez, Diaz, Villa—it is all there, even a depiction of the late industrial exploitation of the people and a presentation of the present policies of Mexico, including the expropriation of foreign-owned oil properties. The lower

part of one section was stained with acid; someone, displeased, had tried to destroy the picture.

A drive through the market thousands of blossoms of unbelievable brightness and size piled in perfumed pyramids; the reddest of tomatoes, the greenest of peppers and the whitest of onions; then a swing down the Paseo de la Reforma, one of the most beautiful boulevards in the world, with its bronze King Charles and its Victory Monument, 150 feet high; then fine homes and finer flower gardens; and Chapultepec Park, with charros wearing costumes in real life as glittering as the raiment in Fort Worth's make believe Casa Manana—grandeas on horseback, with big hats rimmed with tiny, jingling bells; jackets and tight-fitting trousers of blue, pink and of green, embroidered in silver or gold; at the hip, pearl-handled, silver-embossed six-shooters and their saddles gleaming with semi-precious stones and precious metals.

And, after all, came the Floating Gardens. Our boats drifted along the canals through vistas of garden, and tall poplars to the music of a marimba band, while native women in the narrowest of canoes glided alongside to sell flowers for a trifle. What a setting for luncheon!

Then there was the bull-fight in the afternoon (there isn't space to describe that dramatic spectacle), then at night to the Palace of Fine Arts (as grand as the Metropolitan Opera in New York) to see the leading dancer of Mexico in Aztec and Mayan dances. And this, mind you, was all in one day—and not the most thrilling day of the visit in Mexico, either!

There are over 130,000 signs and markers on Texas State highways, and of these, 65,000 show the U. S. and State route number; 32,810 are yellow caution signs of various types, and the balance is made up of signs indicating the distance to cities and towns; city limit markers; county line markers; speed limit signs, and others. Many signs have been reflectorized for night driving, and soon 75 per cent of all the caution signs will have been reflectorized.

Mrs. Algine Johnson and children, Geraldine and Weldon, have returned to their home in Fort Worth after a two weeks visit with Mrs. Marshal Bond and family of Hamlin; Virgil Steele and family and Mr. and Mrs. Jack Johnson of McCaulley.

Heard a Hamlin woman say the other day—"I've been trying to buy that article in Hamlin all spring"—nobody stocked it . . . if customers and merchants cooperate hundreds of dollars worth of goods could be handled in Hamlin than is now done.

Mrs. Roy A. Wilson of Dallas visited Mrs. Frank M. Lawlis Monday and Tuesday of this week.

BOYD CHAPEL CHIRPS

(Mrs. L. F. Cozzen)

A number of our farmers have had to plant a part of their crops over, due to the big rains and a bad sand storm we had last Thursday afternoon. Any way we feel fortunate, and are not grumbling but just trying to see who can kill the most weeds this week.

Mrs. Lynn Sparks, daughter of Mr. and Mrs. I. E. McClure, is visiting home folks and friends this week.

Mrs. Ava Lou Donnigan of near Anson spent Sunday with her parents, Mr. and Mrs. Alvin Dean.

There must have been something attractive at the Bristow farm, from the number of visitors there the past week. Mrs. Bristow's sister, Mrs. J. H. Grayson and daughter, Mrs. Mae Seago of near Merkel, also a daughter, Mrs. Tom Green of Hobbs, N. M., spent several days. Mrs. Clinton Bristow and small son and Mrs. Bristow's daughter, Mrs. Hardy Bingham, and little daughter were also visitors. The chickens surely must be getting ripe.

Mrs. Irwin Hamlin made a flying trip to Big Spring last week.

Listen folks, if I miss any of you with our news items just know my "aim was good," but maybe I was like the old fellow who got all disgusted with life and decided to kill himself, so he went to a neighbor to borrow his gun, he said: "Ah my friend, you wouldn't kill yourself." He said, "Yes I would." After considerable argument of "Yes I would" and "No you wouldn't," he let him have the gun. After what seemed to be a very long time the neighbor heard the gun fire and thought, well I guess he did kill himself, but in a short time he came bringing the gun back and said, "I missed me."
